EMBASSY OF THE
UNITED STATES OF AMERICA

No. 105

The Embassy of the United States of America presents its compliments to the Ministry of Foreign Affairs of the Government of Mali and has the honor to refer to recent discussions between representatives of our two governments regarding issues related to U.S. military personnel and civilian employees of the U.S. Department of Defense who may be temporarily present in Mali in connection with the African Crisis Response Initiative Mobile Training Team visit and other activities as may be agreed upon by our two governments.

As a result of these discussions, the Embassy has the honor to propose that such personnel be accorded the equivalent status to that accorded to Administrative and Technical Staff of the United States Embassy under the Vienna Convention on Diplomatic Relations of April 18, 1961, and that they may enter and exit Mali with United States identification and with collective movement or individual travel orders.

The Embassy further proposes that such personnel also be authorized to wear uniforms while performing official duties and to carry arms while on duty if authorized to do.

so by their orders; and that the Government of Mali accord duty-free importation and exportation as well as exemption from internal taxation on products, property, material, and equipment imported into or acquired in by the United States government in connection with the activity. Vehicles, vessels, and aircraft owned or operated by or exclusively for the U.S. Armed Forces shall not be subject to the payment of landing or port fees, pilotage charges, navigation or overflight charges or light and harbor dues, while in Mali; however, the United States Armed Forces shall pay reasonable charges for services requested and received. Such aircraft shall observe local air traffic control regulations while in Mali. Such vessels shall not be subject to compulsory pilotage at Mali ports. Finally, the Embassy proposes that both governments waive any and all claims (other than contractual claims) against each other for damage, loss or destruction of the other's property arising out of the activity or for injury or death suffered by military personnel while engaged in the performance of their official duty.

If the foregoing is acceptable to the government of Mali, the Embassy has the honor to propose that this note, together with the Ministry's reply, shall constitute an agreement between the governments which shall enter into force on the date of the Ministry's reply.

The Government of the United States of America assures the Government of Mali our highest consideration.
